Like the Sisters of St. Joseph, Mary Jane England, M.D. is a woman ahead of the times. She pursued medicine when women were just beginning to break into the field. In government, business, and academe, she has stood out nationally as an innovative leader. Medicine, public health, and education have all benefited from Dr. England's vision and so, especially, has Regis College.

To honor Dr. England's achievements in health, and in positioning Regis College for the 21st century, as well as to celebrate her 10-year presidency of Regis College, the *Mary Jane England '59, M.D. President Emerita Scholarship* was established in 2010. Scholarship awards range from \$1,000 to \$10,000.
